

# Solutions for Aviation

## **We're more than just your Engine Wear Experts!**

Aviation Laboratories (AvLab) offers a variety of aviation specific solutions. In addition to our specialization in laboratory analysis, you can count on AvLab for an extensive line of field testing, chemical and maintenance products.

## **Distributorship opportunities available.**

**Ask how you can become  
a distributor!**

**[www.avlab.com](http://www.avlab.com)**

## **Capabilities**

### **Lab Testing**

- Metal Check Oil Analysis Test Kits
- Hydraulic Fluid Test Kits
- Fuel Quality Test Kits
- Metal Chip Analysis Kits (detector / filter)
- Oil Filter Analysis Test Kits

### **Field Testing**

- Shell Water Test Kits for Water in Fuel
- On-Site Fuel Test Kits – (bacterial / fungal growth in fuel)
- FSII Test Kits for Icing Inhibitor

### **Chemicals**

- Biobor JF (Microbiocide)
- DICE Fuel System Icing Inhibitor
- AVL TKS De-Icing Fluid
- SafeTemp De-Icing Fluid

### **Maintenance**

- Filters (Oil, Fuel, Air, Transmission, Hydraulic, Water)
- Inspection Kits / Hot Section Kits
- Line Service Products (Fuel Mats, GTP Monitors / Membranes)
- AVL Lubricants / Degreasers
- Clear View Plastic Cleaner, Protectant & Polish
- Clear View All Surface Foaming Cleaner
- Fuel Nozzle Kits
- Carbon Blocks
